American Pageant David M. Kennedy 2015-01-01 THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1?41); Volume 1: To 1877 (Chapters 1?22); Volume 2: Since 1865 (Chapters 22?41). Important Notice: Media content

Modern Spanish Grammar Christopher Pountain 2004-06-01 Modern Spanish Grammar: A Practical Guide is an innovative reference guide to Spanish, combining traditional and function-based grammar in a single volume. The Grammar is divided into two parts. The shorter section covers traditional grammatical categories such as word order, nouns, verbs and adjectives. The larger section is carefully organized around language functions and notions such as: giving and seeking information putting actions into context * expressing likes, dislikes and preferences comparing objects and actions. All grammar points and functions are richly illustrated and information is provided on register and relevant cultural background. Written by experienced teachers and academics, the Grammar has a strong emphasis on contemporary usage. Particular attention is paid to indexing and cross-referencing across the two sections. This is the ideal reference grammar for learners of Spanish at all levels, from elementary to advanced. It will prove invaluable to those with little experience of formal grammar, as no prior knowledge of grammatical terminology is assumed and a glossary of terms is provided. The book will also be useful to teachers seeking back-up to functional syllabuses, and to designers of Spanish courses.
