Complete Idiot's Guide to Careers in the U.S. Military Bill Harris 2002 The lagging economy getting you down? No jobs out there, no job prospects? Join the Army. Or the Navy. Or the Marines. Or the Air Force. Good pay, great benefits -- an excellent career opportunity. -- This book will teach you how to tweak the system to help you enjoy the fullest benefits the U.S. Military has to offer. -- What little competition there is for this title is several years old and virtually obsolete. Uncle Sam Wants You -- more than ever. Since the tragic events of 9/11, all branches of the U.S. Military have seen a rise in enlistments. This is due to several factors: 1) A renewed sense of patriotism, and 2) a cooling off the economy and subsequent recession. Suddenly, job opportunities for recent high school and college grads are drying up quickly. That's why a career in the Army, Navy, Air Force, Marines, or even the Coast Guard, may be an excellent option. Author Bill Harris, working closely with recruiters from branch of the military, will detail the intricacies of getting the most out of a military career and discuss which branch of the military might be best for you. He'll explore

age limits, guaranteed training, bonuses and benefits, and even the rigors of basic training. He'll also cover the many perks offered by a career in the military, and how best to obtain them.

ASVAB's nine subtests with plenty of practice questions, exercises, and strategies for boosting performance and scores in key areas.

Preparation Manual for The ICE Special Agent Test Battery (Updated March 2020) U S Department of Homeland Security 2020-03-19 The purpose of this manual is to help you prepare to take the Special Agent Test. This manual will familiarize you with the Logical Reasoning Test, the Arithmetic Reasoning Test, and the Writing Skills Test and will give you a chance to study some sample questions and explanations for the correct answers to each question. If you have not had much practice taking written, multiple-choice tests, you will have an opportunity to see what the tests look like and to practice taking questions similar to those on the tests. The manual is organized into four sections. The first section provides some tips for taking the Special Agent Test. The second section provides preparation material for the Logical Reasoning Test and includes a practice test with explanations for the answers to the practice test. The third section provides preparation material for the Arithmetic Reasoning Test and includes a practice test with explanations for the answers to the practice test.
