Car Stereo Cookbook Mark Rumreich 2005-05-21 The first edition of this book was written six years ago. Since then, there have been some significant developments in the area of car audio (and video). In addition, many of the products featured in the first edition are now obsolete. While the first edition of the book continues to sell, we have seen a bit of a slow-down at major accounts. This edition promises to be even more successful than the last. Car Stereo Cookbook, 2e is a completely revamped edition of a hugely successful title that continues to sell. This revised book will include new information on mobile video, satellite radio, mp3, wma, digital broadcast radio, and will eliminate the out-of-date products that are no longer pertinent.

Mazda MX-5 1.6 Enthusiast's Workshop Manual Rod Grainger 2000-06 Rod set out to create a new kind of owner's workshop manual--friendly, easy to understand, yet more detailed than any other manual: this book is the result, Rod stripped down an MX-5 ('Miata' USA/'Eunos' Japan) in a domestic garage using ordinary tools and, in the process, took over 1500 step-by-step photographs. The result is a superbly detailed text which passes on to the reader every detail of important jobs, including how problems can be overcome without resorting to special tools.

The Postwar Moment Isser Woloch 2019-01-22 An incisive, comparative study of the development of Post-World War II progressive politics in Britain, France, and the United States Toward the end of World War II, the three democracies faced a common choice: return to the civic order of prewar normalcy or embark instead on a path of progressive transformation. In this ambitious and original work, Isser Woloch assesses the progressive agendas that crystallized in each of the allied democracies: their roots in the interwar decades, their development during wartime, the struggles to enact them in the early postwar years, and the mixed outcomes in each country. The Postwar Moment examines three progressive postwar manifestos that reveal a common agenda in the three nations. The issues at stake included priorities for reconstruction or reconversion; "full employment" via economic planning; price controls; the roles of trade unions; expansion of social security; national health care; public housing; and educational reform. A highly regarded scholar of European history, Woloch persuasively adds the United States to a discussion that is usually focused solely on Europe.
