Standard Guideline for the Collection and Depiction of Existing Subsurface Utility Data 2003 CI/ASCE Standard 38-02 presents a credible system for classifying the quality of utility location information that is placed in design plans. The Standard addresses issues such as: how utility information can be obtained, what technologies are available to obtain that information; how that information can be conveyed to the information users; who should be responsible for typical collection and depiction tasks; what factors determine which utility quality level attribute to assign to data; and what the relative costs and benefits of the various quality levels are. Used as a reference or as part of a specification, the Standard will assist engineers, project and utility owners, and constructors in developing strategies to reduce risk by improving the reliability of information on existing subsurface utilities in a defined manner.

Beginning Boy Scouts Jeremy C. Reed 2011-09 Beginning Boy Scouts is an introduction to the youth program of the Boy Scouts of America. It is an unofficial guide to Boy Scouting to help parents, new leaders, and even scouting youth to better understand scouting goals and participate in Boy Scouting. It quickly answers numerous common questions and provides instruction and advice for parents and leaders -- to help know "what is first?" and how to get started, preparing for outdoor activities and summer camp, uniforms, leadership and the Patrol Method, earning awards and badges, Eagle planning and Eagle paperwork, and how to participate. It introduces the terminology and defines the common scouting lingo.

Fulfilled Ashley Bigham 2021-11 Based on the eponymous symposium and exhibition, Fulfilled: Architecture, Excess, and Desire considers the role of architecture in a culture shaped by the excessive manufacturing and assuagement of desire. Until the term became synonymous with Amazon warehouses, the concept of fulfillment described the achievement of a desire--sometimes tangible, often psychological or spiritual. With the rapid growth of e-commerce, our understanding of fulfillment has evolved to reflect a seemingly endless cycle of desire and gratification--one whose continuity hinges on our willingness to overlook the cultural, economic, and environmental impacts of our ever-increasing expectation of quick and efficient fulfillment. A closer look at fulfillment reveals a social, typological, formal, aesthetic, and economic practice constructed collectively through both digital and physical interactions. It is a cultural practice which evolves like a language, both universally transferable and contextually specific. As a symposium, exhibition, and now publication, this project aims to draw out these new arrangements, sticky relationships, and material byproducts of cultural production and to ask again the age-old question, "What does it mean to be fulfilled?" This book examines the architecture of fulfillment through three lenses: logistical, material, and cultural fulfillment. Each reveals the new forms of architectural practice and research that are possible, typical, and even surreptitiously encouraged in the age of Amazon. Fulfillment networks are not invisible systems; they are tangible objects--warehouses, suburban houses, parking lots, cardboard boxes, shopping malls, mechanical systems, shipping containers--with which architects necessarily interact. From political mapping and questions of labor to digital and physical storage typologies, contemporary architects learn from and work critically within the architecture of fulfillment. Their interests

and approaches include the material and environmental shortcomings of global logistics and the formal, representational, and cultural potentials of a culture of excess. This book highlights architecture's unique capacity to offer methodologies for confronting an increasingly ambiguous, alienating world and produce new knowledge and unexpected solutions that go beyond the dichotomies of rural and urban territories.

Innovative Rheumatology Hiroaki Matsuno 2013-01-02 In recent years, the treatment of Rheumatoid Arthritis has undergone tremendous changes due to methotrexate and biologics in large part. Until a decade ago, avoiding joint destruction in rheumatoid arthritis was not realistic for rheumatologist. However, prevention of joint deterioration is now possible, and the quality of life of patients with rheumatoid arthritis in long-term has been able to improve by advances in treatment. However, there are still many problems to be overcome before achieving the treatment of rheumatoid arthritis. All of review articles presented on this book are explaining treatment, basic research, and patient care of rheumatoid arthritis with innovative perspective and ideas. I hope that the ideas that have been described in these articles help the reader to resolve the outstanding issues in rheumatoid arthritis.

Commander's Legal Handbook Judge Advocate General's Legal Center and School (United States. Army) 2012-06-15 This Handbook is designed to assist Army Commanders in taking proper immediate action when faced with a variety of legal issues that might arise during your command. The purpose of your actions should be to preserve the legal situation until you can consult with your servicing Judge Advocate. However, like most aspects of your command responsibilities, you can fail if you just wait for things to come to you. You need to be proactive in preventing problems before they occur. In the legal arena, this means establishing and enforcing high standards, ensuring your Soldiers are fully aware of those standards and properly trained to comply with them. You must also properly train your Soldiers on all Army policies and higher level command standards so that they also understand and comply with them. Soldiers must also be well-versed in the Army Values and be able to apply those values to real- world situations, which will usually keep them well within legal bounds. Topics include: THE TOP TEN SITUATIONS WHERE YOU SHOULD IMMEDIATELY CONSULT YOUR SERVICING JUDGE ADVOCATE MILITARY JUSTICE/CRIMINAL LAW Introduction to Military Criminal Law Misconduct: Options and Duties Of The Commander Unlawful Command Influence R.C.M. 303 Preliminary Inquiry Non-Judicial Punishment, Article 15, UCMJ Article 15 Script Search and Seizure Self-Incrimination, Confessions, and Rights Warning UCMJ Punitive Articles Urinalysis, Drug and Alcohol Policies Fraternization and Improper Senior-Subordinate Relationships Proper Responses to Reports of Sexual Assault Victim -Witness Issues INVESTIGATIONS Administrative Investigations/References Intro AR 15-6 Investigations Accident Investigations (AR 385-10) Line of Duty Investigations (AR 600-8-4) Fatal Training/Operational Accident Presentations to Next Of Kin (AR 600-34) Financial Liability Investigations (AR 735-5) STANDARDS OF ETHICAL CONDUCT Standards of Conduct Commanders Coins Support to Non-Federal Entities Government Motor Vehicle Transportation Family Readiness Groups Accompanying Spousal Travel Annual Filing of Financial Disclosure Forms ADMINISTRATIVE LAW AND PERSONNEL ACTIONS "Flagging" Soldiers from Positive Personnel Actions Enlisted Separations Officer Separations Bars To Reenlistment – Field Initiated Qualitative Service Program (QSP) Removal of Enlisted Soldiers From Promotion Lists Removal of Commissioned and Warrant Officers From Promotion Lists Security Clearances – Suspension and Revocation Sexual Harassment Domestic Violence Amendment to the Gun Control Act (Lautenberg Amendment) & FAP Article 138 Complaints Relief from Command INDIVIDUAL SOLDIER RIGHTS Body Piercing & Tattoo Policy Conscientious Objection Behavioral Health Evaluations Command Access to a Soldier's Protected Health Information (HIPAA) Extremist Organizations and Activities Political Activities by Members of The Armed Forces Whistleblower Protection Service Member's Civil Relief Act (SCRA) Religious Accommodation INTERNATIONAL & OPERATIONAL LAW Rules of Engagement Law of Armed Conflict CLAIMS AND CLIENT SERVICES Article 139 Claims Foreign and Deployment Claims Family Support Obligations (AR 608-99) Debt and Consumer Protection GOVERNMENT INFORMATION PRACTICES Freedom of Information Act Program Privacy Act Program FISCAL LAW Fiscal Law for Commanders

Social Usage and Protocol Handbook Department of the Navy 2001-06-15 Members of the naval service will find that at all points in their careers they can expect to be involved to some extent in the planning and execution of official ceremonies and social events. Protocol is a code of established guidelines on proper etiquette and precedence which, when followed, lays the foundation for a successful event. From this foundation, the host should consider the facets which make a particular situation unique, and from there, use imagination to design a memorable occasion. The most important consideration in planning should always be the comfort of one's guests. A clever host/hostess is able to reach a proper mixture of protocol and common sense that will enable guests to enjoy themselves completely. If this is accomplished, an event is truly successful.

National Standards & Grade-Level Outcomes for K-12 Physical Education SHAPE America - Society of Health and Physical Educators 2014-03-13 Focused on physical literacy and measurable outcomes, empowering physical educators to help students meet the Common Core standards, and coming from a recently renamed but longstanding organization intent on shaping a standard of excellence in physical education, National Standards & Grade-Level Outcomes for K-12 Physical Education is all that and much more. Created by SHAPE America — Society of Health and Physical Educators (formerly AAHPERD) — this text unveils the new National Standards for K-12 Physical Education. The standards and text have been retooled to support students' holistic development. This is the third iteration of the National Standards for K-12 Physical Education, and this latest version features two prominent changes: •The term physical literacy underpins the standards. It encompasses the three domains of physical education (psychomotor, cognitive, and affective) and considers not only physical competence and knowledge but also attitudes, motivation, and the social and psychological skills needed for participation. • Grade-level outcomes support the national physical education standards. These measurable outcomes are organized by level (elementary, middle, and high school) and by standard. They provide a bridge between the new standards and K-12 physical education curriculum development and make it easy for teachers to assess and track student progress across grades, resulting in physically literate students. In developing the grade-level outcomes, the authors focus on motor skill competency, student engagement and intrinsic motivation, instructional climate, gender differences, lifetime activity approach, and physical activity. All outcomes are written to align with the standards and with the intent of fostering lifelong physical activity. National Standards & Grade-Level Outcomes for K-12 Physical Education presents the standards and outcomes in ways that will help preservice teachers and current practitioners plan curricula, units, lessons, and tasks. The text also • empowers physical educators to help students meet the Common Core standards; • allows teachers to see the new standards and the scope and sequence for outcomes for all grade levels at a glance in a colorful, easy-to-read format; and • provides administrators, parents, and policy makers with a framework for understanding what students should know and be able to do as a result of their physical education instruction. The result is a text that teachers can confidently use in creating and enhancing high-quality programs that prepare students to be physically literate and active their whole lives.

Old Lyme, Lyme, and Hadlyme Kathryn Burton 2003-08-01 Where the Connecticut River empties into Long Island Sound, a community that eventually became known as Lyme was settled in 1639. The community ran up the eastern riverbank to what is now East Haddam, along the Sound to Niantic, and into parts of Salem. In time, Lyme was divided into small towns and villages: Old Lyme, Lyme, Hadlyme, Hamburg, Sterling City, South Lyme, and the coastal communities. Old Lyme, Lyme, and Hadlyme is a compelling tribute to an area that is extraordinary in many ways: for its people, many of whom were attorneys, judges, legislators, and governors; for its commerce, which brought ships from up and down the East Coast and as far away as the West Indies; and for its beautiful homes, some of which survive today thanks to a strong preservation ethic.
