First Earth Battalion Operations Manual Jim Channon 2009-11-06 Evolutionary Tactics, A Blueprint for Action, The Real Light at the end of the tunnel from the Vietnam era. Sometimes it takes the perspective of history to unmask the true genius of a person, a book or a point of view. Perhaps even more telling, the first attempt to deal with the subject of Jim Channon's First Earth Battalion was through the vehicle of comedy. The Men Who Stare at Goats, the movie starring George Clooney did not treat the ideas at the core of the First Earth Battalion with anywhere near the attention they deserve. In fact one could say that the movie trivialized the concept through humor, and marginalized the principals as addled characters. The true nature of the First Earth Battalion can begin to be appreciated by reading the Operations Manual. A hand illustrated work of art highlighting a new direction for not just the military but the planet as well. The fact that Jim felt the army could take the lead in this matter speaks to his own brand of practical idealism that untold numbers of corporate leaders took advantage of on his retirement from the Army. See: <http://cyber.mpnodes.info/archives/509> for the "Goats Declassified" featurette from the DVD to get the real backstory of what transpired and continues to this day.

The Giggly Guide to Grammar Cathy Campbell 2007-11-01 The Giggly Guide to Grammar is the life's work of a dedicated language arts teacher with a life-sized sense of humor and the hand of an artist. Cathy Campbell has both illustrated and long tested the exercises in this guide with her 9th grade students in The Woodlands, Texas. It's a lighthearted and ludicrous guide to the essential elements of language and grammar (with a few writing tips tossed into the mix). It's Shel Silverstein meets Strunk and White and the results are both hilarious and instructive. Tried and true, and everyone a delight, there isn't a serious sentence in the group. But this is a dead-serious grammar book with the heart of a clown. Lessons include: parts of speech, subject-verb agreement, parts of the sentence, clauses of all kinds, quotation marks and italics and much more. The Deluxe Teacher's Guide has a CD-Rom that includes a full answer set, posters for the classroom and a set of transparency-ready exercises for each of the chapters.
