Lemon-Aid Used Cars and Trucks 2012-2013 Phil Edmonston 2012-05-19 Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an updated list of the best and worst "beaters" on the market. More "secret" warranties taken from automaker internal service bulletins and memos than ever.

Lemon-Aid New Cars and Trucks 2011 Phil Edmonston 2010-11-11 As U.S. and Canadian automakers and dealers face bankruptcy and Toyota battles unprecedented quality-control problems, Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. Phil Edmonston, Canada's automotive "Dr. Phil" for more than 40 years, pulls no punches. In this all-new guide he says: Chrysler's days are numbered with the dubious help of Fiat. Electric cars and ethanol power are PR gimmicks. Diesel and natural gas are the future. Be wary of "zombie" vehicles: Jaguar, Land Rover, Saab, and Volvo. Mercedes-Benz -- rich cars, poor quality. There's only one Saturn you should buy. Toyota -- enough apologies: "when you mess up, fess up."

The Trail of the Serpent Al E. Gateson 2010-09-21 It was a manhunt for a charismatic Islamist terrorist who was gathering thousands to his cause because he tells them that he speaks with God who has ordained him to rid the world of infidels and he has obtained four nuclear weapons illegally in Pakistan and intends to use them against four major world cities. The CIA, the Israeli Mossad, the British MI6 and the Russians all have men in the field searching for the bombs and the man who calls himself the Serpent of God. Please, No More Poetry derek beaulieu 2013-06-30 Since the beginning of his poetic career in the 1990s, derek beaulieu has created works that have challenged readers to understand in new ways the possibilities of poetry. With nine books currently to his credit, and many works appearing in chapbooks, broadsides, and magazines, beaulieu continues to push experimental poetry, both in Canada and internationally, in new directions. Please, No More Poetry is the first selected works of derek beaulieu. As the publisher of first housepress and, more recently, No Press, beaulieu has continually highlighted the possibilities for experimental work in a variety of writing communities. His own work can be classified as visual poetry, as concrete poetry, as conceptual work, and beyond. His work is not to be read in any traditional sense, as it challenges the very idea of reading; rather, it may be understood as a practice that forces readers to reconsider what they think they know. As beaulieu continues to push himself in new directions, readers will appreciate the work that he has created to date, much of which has become unavailable in Canada. With an introduction by Kit Dobson and an interview with derek beaulieu by Lori Emerson as an afterword, Please, No More Poetry offers readers an opportunity to gain access to a complex experimental poetic practice through thirty-five selected

representative works.

[Indian Business Case Studies Volume I](#) Sandeep Pachpande 2022-06-15 It has been decades since many business schools outside India adopted the case study methodology for teaching almost all branches of management studies. This trend has been seen in India, too, where top management institutes have implemented the case study-based methodology as an important pedagogical tool in business education. The major issue in India, however, is a severe shortage of Indian case studies through which business schools can provide industry insights to students. This volume fills that gap. It has twenty Indian cases related to different aspects of business management. The cases cover some of the prominent disciplines of management like marketing, finance, human resource management, strategy management, operations management, accounting, and mergers and acquisitions. These cases best serve the purpose of adoption of 'case methodology' in classroom teaching or online lecture sessions for the faculty and students of business management.

[Lemon-Aid New Cars and Trucks 2013](#) Phil Edmonston 2012-12-01 Canada's automotive "Dr. Phil" says there's never been a better time to buy a new car or truck. For deals on wheels, 2013 will be a "perfect storm." There's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar, a worldwide recession driving prices downward, and a more competitive Japanese auto industry that's still reeling from a series of natural disasters. In addition to lower prices and more choices, 2013 car buyers will see more generous cash rebates, low financing rates, bargain leases, and free auto maintenance programs. Buy, sell, or hold? Which cars and trucks are "wallet-friendly" and can easily last 15 years? Which vehicles offer the most features to best accommodate senior drivers? Do ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers? Is GM's 2013 Volt electric car destined to become an electric Edsel? These questions and more are answered in this informative guide.
