Mazda MX-5 Miata Thomas Bryant 2014-11-01 Celebrating a quarter century of the car that redefined its genre. [apply edits made above] The Mazda MX-5, (known as Miata in North America and Eunos Roadster in Japan), revolutionized the lightweight two-seater roadster market. By taking the front-engine, rear-wheel-drive layout of traditional British and Italian roadsters and combining it with the modern function and reliability for which Japanese cars were justly famous, Mazda created what many consider the perfect sports car. The MX-5 became the best-selling sports car of all time, selling over a million units worldwide. Customers proved that they hadn't lost their desire for simple, lightweight two-seat convertibles; they had simply lost their desire for unreliable, archaic European anachronisms that caught on fire as part of their charm. In 2009, English automotive critic Jeremy Clarkson wrote: "The fact is that if you want a sports car, the MX-5 is perfect. Nothing on the road will give you better value. Nothing will give you so much fun. The only reason I'm giving it five stars is because I can't give it 14." Mazda MX-5 Miata: Twenty-Five Years is a

handsomely-illustrated coffee-table book celebrating Mazda's ground-breaking MX-5 Miata, the car that revolutionized the lightweight two-seater roadster market.

My Story Graham Fowles 2016-04-18 "Are you really trying to tell me you haven't heard of Peter Legend?" asked Peter Legend, incredulously. I had to admit that I hadn't. And I like to think I know a bit about cricket. Three of us had travelled down to Budmouth to take a brief from Peter personally. He wanted to see what a big London agency could do for his chain of estate agents. However, when our art director asked Peter if it was intentional that his company's logo should look like a set of cricket stumps, he wasn't amused. He made it clear that his achievements in the game were not insignificant, and that he was about to start work on his autobiography. He also made it clear that we'd blown the meeting. Nonetheless, the whole episode got me thinking. How had a player I'd never even heard of won a Test cap? So I started doing some research into Peter's Wessex side of the mid-eighties. Other names sounded more familiar: Herb Brunton, Andy Farrow, the Musgrove brothers. I was intrigued. So, I decided to give him a call. "Peter," I said a little nervously, "you don't need a ghost-writer, do you?"
