High Tide Jude Deveraux 2012-12-11 Fiona is the creator of fashion doll sensation Kimberley, and is quite satisfied with her career-focused life. Yet when her boss informs her that she must win over a new account by going camping with the creator of a hit children's TV show, she is extremely reluctant. Nevertheless, she goes to Florida to meet Roy and his Guide Ace Montgomery. When Roy is found dead with Fiona holding the bloody knife, she becomes the prime suspect - though she has no recollection of what happened.

Things get worse when she learns that Roy, until now a stranger to her, left her all the proceeds from his new TV show, giving her a strong motive for murder. Suddenly, she and Ace find themselves on the run, and being condemned by the press for murder. They must prove their innocence by discovering the true motive and murderer of Roy. Fiona and Ace figure out they are linked through her father, and it is then that Fiona learns the secrets of her family's past, turning her world upside down.

Marketing Channel Strategy Robert W. Palmatier 2019-07-11 Marketing Channel Strategy: An Omni-Channel Approach is the first book on the market to offer a completely unique, updated approach to channel marketing. Palmatier and Sivadas have adapted this classic text for the modern marketing reality by building a model that shows students how to engage customers across multiple marketing channels simultaneously and seamlessly. The omni-channel is different from the multi-channel. It recognizes not only that customers access goods and services in multiple ways, but also that they are likely doing this at the same time; comparing prices on multiple websites, and seamlessly switching between mobile and desktop devices. With the strong theoretical foundation that users have come to expect, the book also offers lots of practical exercises and applications to help students understand how to design and implement omni-channel strategies in reality. Advanced undergraduate and graduate students in marketing channels, distribution channels, B2B marketing, and retailing classes will enjoy acquiring the most cutting-edge marketing skills from this book. A full set of PowerPoint slides accompany this new edition, to support instructors.

Is Once Saved Always Saved? George E Richardson, PhD 2020-08-18 Is Once Saved Always Saved? is a book that seeks to answer questions or misgivings that a Christian may have as to whether salvation is eternal or whether as a believer, could he lose his salvation for acts of sin and disobedience against God. The book was designed to be a study help and a resource for young believers and those with meaningful questions about salvation. The book gives many examples and promises regarding the security of salvation. The author outlines nine scriptural evidences which support this question. Each evidence is heavily supported with scriptural proof. The book differentiates between relationship with God and fellowship with God and other thought-provoking truths. This booklet will strengthen your faith, cause you to grow as a Christian, and renew your confidence in the God of your salvation.

Buchsbaum Rings and Applications Jürgen Stückrad 2014-08-23 Da die algebraische Geometrie wesentlich vom Fundamentalsatz der Algebra ausgeht, den man nur deshalb in der gewohnten allgemeinen Form aussprechen kann, weil man dabei die Vielfachheit der Lösungen in Betracht zieht, so muß man auch bei jedem Resultat der algebraischen Geometrie beim Zurückschreiten die gemeinsame Quelle wiederfinden. Das wäre aber nicht mehr möglich, wenn man auf dem Wege das Werkzeug verlore, welches den Fundamentalsatz fruchtbar und bedeutungsreich macht. Francesco Severi Abh. Math. Sem. Hansischen Univ. 15 (1943), p. 100 This book describes interactions between algebraic geometry, commutative and homological algebra, algebraic topology and combinatorics. The main object of study are Buchsbaum rings. The basic underlying idea of a Buchsbaum ring is a continuation of the well-known concept of a Cohen-Macaulay ring, its necessity being created by open questions of algebraic geometry and algebraic topology. The theory of Buchsbaum rings started from a negative answer to a problem of David A. Buchsbaum. The concept of this theory was introduced in our joint paper published in 1973.

Knocking at God's Door Oswald Chambers 2015-10-30 Lord, my chief desire is to be rooted and grounded in you—God-centered and God-absorbed, God-enthused and God-loved. Looptail Bruce Tip 2014-04-03 Looptail is Bruce Poon Tip's extraordinary first-person account of his entrepreneurial instincts to start and develop G Adventures, the highly successful international travel adventure company - and along the way he reveals his unusual management secrets that not only keep his employees fully engaged and energized but also keep his customers extremely happy. His unique approach has worked in marvellous ways. Poon Tip has created an entirely new and refreshing approach to management. For example, there is no CEO at G Adventures - instead, every employee is a CEO, empowered to make instantaneous decisions to help clients on the spot. But while there's no CEO, there is a company Mayor, who take the pulse of corporate morale. There's no HR department - but there is a Talent Agency and company Culture Club. It hasn't always been easy to try to balance his desire for a socially responsible company along with the desire to generate profits. But thanks to Poon Tip's vision, G Adventures has flourished and has done its best to maintain its looptail approach. In short, it's been an extraordinary ride, and in many ways G Adventures is at the vanguard of what modern-day companies are beginning to look like.

Falling For MR. Right Megan Hunt 2019-12-26 Lacey is surrounded by love. At least, that's what she tells herself every time she pumps out a new bestselling "Rom Com." In

reality, her life is boring, and she is a recluse. All she lives and breathes is her writing, her sister and editor. This year she is in a writing slump. Summer is fast fading and her deadline inches closer. Struggling to be inspired to finish her novel on time, her sister convinces her to dabble with online dating to spice up her love life. What Lacey doesn't expect is to go to sleep lonely and wake up with multiple love interests flooding her email. Will the multitude of suitors only inspire her upcoming novel, or will she find MR. Write? [The Mould Design Guide](#) Peter Jones 2008 This book provides design engineers, toolmakers, moulding technicians and production engineers with an in depth guide to the design and manufacture of mould tools that work successfully in production. It highlights the necessity to design a mould tool that allows overall production to make an acceptable profit, and whilst it is recognised that not all design engineers will be able to influence the profitability factor it is an important aspect to consider. The guide focuses on designs that will produce the required production rate and quality of mouldings in a consistent and reliable fashion; the key components of a successful mould tool. The introductory chapters outline the injection moulding process, basic moulding parameters and overall machine construction. Dedicated chapters give a full account of all the variables that should be taken into account.

[You Gotta Be Kidding!](#) Workman Publishing 2020-07-14 Gross, embarrassing, and just plain silly questions about boogers, bugs, smelly socks, itchy scabs, and more! Adapted from the hugely popular board game, this interactive and completely engaging book serves up hundreds of bizarre, embarrassing, sometimes ethical and sometimes stomach-churning dilemmas that kids will love to pose to their friends and siblings, whether in the backseat, on a sleepover, at a party, on a rainy day, or during a lull in the lunchroom (if you dare). Ponder the icky: Would you rather eat 10 pounds of cheese -OR- a bucket of peanut butter—with nothing to drink? The exponentially icky: Would you rather drink liquid found leaking from a garbage can -OR- chew on a hairy clump found between the cushions of an old couch? The fantastic: Would you rather be able to talk with all animals -OR- be able to understand all languages? The priority-testing: As a soccer player, would you rather mess up and score a goal for the other team but still have your team win -OR- play your best game ever even though your team loses? And the hair-raising: Would you rather swim across a river that is filled with crocodiles -OR- spend the night on an island where man-eating tigers live? Fascinating sidebars throughout are filled with interesting ancillary information—the nature of drool, left-handedness vs. right-handedness, what's dangerously filthy and what's just gross, why we blush when we're embarrassed—so kids can learn something as they laugh!

[Blood-Kissed Sky](#) J. A. London 2012-12-26 The second book in a romantic and drama-packed trilogy perfect for fans of Rachel Vincent, Julie Kagawa, and Alyson Noel. Lusciously romantic and full of action-packed drama, readers will be swept away by this thrilling novel. Dawn Montgomery knows that monsters really do come out at night—after all, they are her job. It's just after the thirty-year war between vampires and humans, and as an ambassador between the two sides (a role she inherited when her parents were killed), Dawn quickly learns that balancing schoolwork, teen life, and the requests of Lord Valentine, the most frightening vampire in the region, isn't easy. There's nowhere left to hide. I thought vampires were our enemies—they controlled our lives, isolated our cities, and demanded our blood—until I met Victor. With Victor taking over as the new Lord Valentine, things were supposed to get better. Instead, they're worse than ever. Day Walkers, a new breed of vampires who can walk in the sun, are terrorizing the city. Blood supplies are low, and if Victor's vampires don't get enough, they will become infected with the Thirst—a disease that will turn them into mindless killers. To stop it, I must journey across the desolate wasteland to the very place where the sickness began. I can only hope that the answers that await me are enough to save us all...before it's too late.

[Colonial Lives](#) Richard E. Boyer 2000 Colonial Lives offers a rich variety of archival documents in translation which bring to life the political and economic workings of Latin American colonies during 300 years of Spanish rule, as well as the day-to-day lives of the colonies' inhabitants. Intended to complement textbooks such as Burkholder and Johnson's Colonial Latin America by presenting students with primary sources -- the raw materials on which the facts in other textbooks are based -- this reader strives to illustrate the impact of issues such as race, class, gender, sexuality, culture and religion in the daily lives of both natives and colonists alike. The concerns, struggles and perspectives of the inhabitants of colonial Latin America are reflected in transcripts of civil and criminal court cases, administrative reviews, ecclesiastical investigations, Inquisition trials, wills, and letters the editors have included in this reader. Each document is prefaced by an introduction that places it in the social and political context of the period. The book also includes a glossary of terms and lists of suggested further readings. Most uniquely, the book offers helpful thematic cross-referencing sections and an index of themes which allow instructors to easily adapt the book to their courses and to assign readings according to the criteria of their own specific curriculums.
