Other People's Property Jason Tanz 2011-01-15 Over the last quarter-century hip-hop has grown from an esoteric form of African-American expression to become the dominant form of American popular

culture. Today, Snoop Dogg shells for Chrysler and white kids wear Fubu, the black-owned label whose name stands for "For Us, By Us." This is not the first time that black music has been appreciated, adopted, and adapted by white audiences-think jazz, blues, and rock-but Jason Tanz, a white boy who grew up in the suburban Northwest, says that hip-hop's journey through white America provides a unique window to examine the racial dissonance that has become a fact of our national life. In such culture-sharing Tanz sees white Americans struggling with their identity, and wrestling (often unsuccessfully) with the legacy of race. To support his anecdotally driven history of hip-hop's cross-over to white America, Tanz conducts dozens of interviews with fans, artists, producers, and promoters, including some of hip-hop's most legendary figures-such as Public Enemy's Chuck D; white rapper MC Serch; and former Yo! MTV Raps host Fab 5 Freddy. He travels across the country, visiting "nerdcore" rappers in Seattle, who rhyme about Star Wars conventions; a group of would-be gangstas in a suburb so insulated it's called "the bubble"; a break-dancing class at the upper-crusty New Canaan Tap Academy; and many more. Drawing on the author's personal experience as a white fan as well as his in-depth knowledge of hip-hop's history, Other People's Property provides a hard-edged, thought-provoking, and humorous snapshot of the particularly American intersection of race, commerce, culture, and identity.

How Soon is Now? Richard King 2012-04-03 One of the most tangible aftershocks of Punk was its urgency to prompt individuals into action. Document your reality: do it yourself. From this, a generation of young men were inspired and, with often zero financial planning or business sense, in a bedroom, garage or shed, labels such as Factory, Rough Trade, Mute, 4AD, Beggars Banquet, Warp, Domino and Creation began, shifting the musical landscape and trading on an ethos and identity no brand consultant would now dare dream of. Musicians were encouraged to do whatever the hell they wanted and damn the consequences. From humble beginnings, some of our most influential artists were allowed to thrive: New Order, The Smiths, Depeche Mode, Orange Juice, Cocteau Twins, Sonic Youth, Happy Mondays,

Primal Scream, Aphex Twin, Teenage Fanclub, My Bloody Valentine, Autechre, Broadcast, Vampire Weekend, The White Stripes and Arctic Monkeys to name but a handful. This is the story, set to an incredible soundtrack, of the enormous scale of the passions, the size of the egos, and the true extent of the madness of the mavericks who had the vision and bloody-mindedness to make the musical landscape exciting again.

University Boulevard: A Novel Alan B. Hollingsworth 2004-10-17 Chipper DeHart and court jester Peachy Waterman, Jr. leave the dry-boned village of El Viento, Oklahoma, to start life anew as college freshmen and fraternity brothers. It's 1967, and while the world is turning topsy-turvy, the twosome seeks refuge within the walls of Sigma Zeta Chi. But Peachy's bid to pledge doesn't come easy; in fact, he finagles his way into the frat house, along with the first non-white to ever pledge a college fraternity in Oklahoma, a full-blood Kickapoo Indian named Larry Twohatchets. And when the pledge class seems it couldn't take on one more misfit, along comes Smokey Ray Divine, a golfing hippie that lives on the razor's edge. Amy, Audora, and Cassie are the three muskarettes who steer the boys through college life, helping to protect them from the Vietnam tentacles that keep trying to reach through the windows of the fraternity house and pull the members into the jungle. But as the fraternity men cope by building their walls thicker and thicker, they discover that the enemy comes from within. Over the course of their four college years, faith is born through the death of their dreams. The Age of Aquarius meets The Age of Apollo in this flirtation with a mystical college life on University Boulevard.
